Summary

I'm Yusuf, a sophomore computer science student, who enjoys learning new things and experimenting with upcoming fields/technologies. I function best in fast-paced environments where collaboration and mentor-ship are highly valued. Currently looking to gain experience in Back-end/Infrastructure Engineering, Cloud Computing.

Experience

Core Team member @GDSC - TU

GDSC - Google Developer Student Club Tanta University

Sep 2021 - Present (5 months +)

- Led Web Development sessions weekly to help student understand principles and technologies for designing usable user interfaces for the Web.
- Taught the core web languages of HTML, CSS, and JavaScript, their different roles, and the rationales for the widely varying designs.
- Authored exercises and solutions, provided feedback, and managed a Q&A.

Event Coordinator

Google Developer Student Clubs

Dec 2021 - Dec 2021 (1 month)

I was in the organization team for Dev-fest Cairo as a member of technical team. which was held by GDG along with GDSC from different universities around Egypt.

- Helped in Work Shops to make sure everything runs smoothly.
- Developed post-event reports on the effectiveness of each event.
- Managed Anticipated attendee needs and made preparations against potential risks.

Education

Tanta University

computer science degree, Computer Software Engineering

Oct 2020 - Oct 2024

Al-Sadat Secondary School

High School Diploma, Computational and Applied Mathematics

Jun 2017 - Jun 2020

Licenses & Certifications

CS50's Web Programming with python and Javascript - CS50

f155aa35-f375-43a4-a28b-ba5c5d65e36a

Cloud Computing and Storage Summer Training. - National Telecommunication Institute (NTI)

Create and Manage Cloud Resources - Qwiklabs
1380881

Google Cloud: Machine Learning APIs - Qwiklabs
1512118

Skills

Python (Programming Language) • Git • Linux • Web Development • GitHub • C++ • Problem Solving • Teamwork • English • Self Learning

Honors & Awards

Honorable mention - FCI - Tanta University

Jan 2022

I received the special recognition of the judges on my Project Which is a Full Functional Online Examination system which can manage activities like

- defining exam patterns with question banks
- defining exam timer, objective/ subjective question sections
- conducting exams using the computer or mobile devices in a paperless manner.
- Enhanced With Responsive Design for different platform.
